### **EXAMINER'S AMENDMENT**

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

2. Authorization for this examiner's amendment was given in a telephone interview with Marina F. Cunningham on Aug. 13, 2004.

The application has been amended as follows:

The phrase "Spectacles of the type without a surround" (claim 1, line 1) has been changed to --Rimless spectacles--.

The word "preferably" (claim 12, line 2) has been changed to --substantially--.

### **REASONS FOR ALLOWANCE**

1. The following is an examiner's statement of reasons for allowance: Wiedner (WO 02/061495) discloses a pair of spectacles having side arms 4 can be pivoted inwards through 180° towards the rear side of the lens 2. However, Wiedner suggests that the side arms 4 joint to the lens 2 or to the frame 4. Such the side arms joint to the lens is undesirable as addressed in the Applicant's background of the invention. Thus the prior art fails to teach a combination of all the limitations as claimed in the independent claim 1, wherein the claimed invention comprising each side arm is connected to the corresponding lens via a hinge link of one-piece structure, said link having an inner portion fixed against the inside surface of the lens and prevented from turning relative thereto, and an outer portion offset laterally from said lens, with said side arm being

hinged to the back of said outer portion via a terminal eyelet of the side arm, as claimed. The prior art does not disclose or fairly suggest, by themselves or in combining with any other reference, to meet a combination of all the limitations as claimed in claim 1. Therefore claims 1-12 could be allowable over the prior art of record.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
